

An architectural elevation drawing of a brick building. The structure features a steep, gabled roof covered in reddish-brown tiles. A small dormer with three small, square windows is positioned on the right side of the roof. The main facade is constructed of dark red bricks. On the left, there is a small, square window. Below it, a larger, arched doorway is visible, flanked by a small, square window. To the right of the doorway, there are two tall, narrow, arched windows, each with a decorative, dark, arched lintel. Further to the right, there are two more tall, narrow, arched windows, each with a decorative, dark, arched lintel. At the bottom right, there is a small, square window. The drawing includes shadows and a dashed line indicating a roofline or structural element.

---

This architectural elevation drawing depicts a three-story brick building with a mansard roof. The main facade is constructed of red brick and features a symmetrical arrangement of windows. The second floor has seven arched windows, each topped with a decorative wrought-iron balcony. The first floor consists of seven rectangular, double-hung windows. The roof is covered in red tiles and includes three dormers, each with three small windows, and two pairs of square skylights. A modern glass extension is visible on the right side of the building. The drawing uses a combination of red, brown, and blue colors to represent the building's materials and sky.
