

## Model 150 cm

This diagram illustrates the exploded view of a medical device, likely a catheter or probe, with its various components labeled with numbers 1 through 13. The components are as follows:

- 1**: A small, cylindrical component, possibly a connector or a plug.
- 2**: A long, thin, cylindrical component, likely a tube or a catheter shaft.
- 2a**: A small, cylindrical component, possibly a connector or a plug.
- 3**: A small, cylindrical component, possibly a connector or a plug.
- 4**: A small, cylindrical component, possibly a connector or a plug.
- 5**: A long, thin, cylindrical component, likely a tube or a catheter shaft.
- 6**: A small, cylindrical component, possibly a connector or a plug.
- 7**: A small, cylindrical component, possibly a connector or a plug.
- 8**: A small, cylindrical component, possibly a connector or a plug.
- 9**: A small, cylindrical component, possibly a connector or a plug.
- 10**: A small, cylindrical component, possibly a connector or a plug.
- 11**: A small, cylindrical component, possibly a connector or a plug.
- 12**: A small, cylindrical component, possibly a connector or a plug.
- 13**: A small, cylindrical component, possibly a connector or a plug.
