

High End Video Card Chart

This chart made up of millions of [PerformanceTest](#) benchmark results and is updated daily with new graphics card benchmarks. This high end chart contains high performance video cards typically found in premium gaming PCs. Recently introduced AMD video cards and nVidia graphics cards using the PCI-Express (or PCI-E) standard are common in our high end video card charts.

G3D Mark	Price Performance
----------	-------------------

PassMark - G3D Mark

High End Videocards

Videocard	Average G3D Mark		Price (USD)
