Tytuł:	Plan sytuacyjny	Skala: 1:1 000	Rys:	2

This is a highly detailed technical drawing of a railway track plan, likely from a historical or engineering document. It shows a complex network of tracks, platforms, and associated infrastructure. Key elements include:

- Tracks:** Multiple parallel and intersecting tracks are shown, some with red and blue markings.
- Stations and Platforms:** Several rectangular structures represent buildings or platforms, often labeled with numbers and letters (e.g., 1290/4, 1320/3, 1368/2).
- Labels:** Numerous alphanumeric codes are scattered throughout, such as "PsV", "Rilb", "B", "m1", "m2", "S/Rilb", "ch.kp", "Ba", "I.B.", "L.B.", "Z", "W", "G", "H", "K", "M", "N", "P", "Q", "R", "S", "T", "U", "V", "X", "Y", "Z".
- Symbols:** Various symbols are used to denote specific features, including circles, squares, triangles, and lines with arrows.
- Orientation:** A north arrow is visible in the upper right corner, pointing towards the top right of the page.

The drawing is oriented horizontally, with the main track running from left to right. The overall style is that of a technical sketch or map, with clear lines and legible text.
