

## A detailed technical drawing titled "LOKALIZACJE BADAŃ GEOTECHNICZNYCH" (Geotechnical Research Locations). The map shows a horizontal road or railway track running across the center. To the left of the track are several green-outlined plots labeled "12-041/RN/1", "12-041/R", "12-043/RN", "12-043/R", "12-044/LN", and "12-044/L". A blue line runs parallel to the track on the left side. On the right side of the track, there are more green-outlined plots labeled "9-232", "9-057/N", "9-238/1", "B-396/I", and "5-384". A compass rose is located in the upper right corner, indicating North (N), South (S), East (E), and West (W). Several red dots are placed along the track, likely marking specific research points. The drawing includes various dashed and solid lines representing boundaries, roads, and other features.
