

IFSC OFFICIAL SPORT EQUIPMENT CATALOGUE

CATEGORY: HOLDS, MACROS AND VOLUMES

INTERNATIONAL FEDERATION OF SPORT CLIMBING

IFSC season: 2023
Disciplines: Boulder and Lead

Overview

Introduction

The IFSC Official Sport Equipment is an initiative which aims to make the playing field fairer across international IFSC events (World Cups, World Championships, and Youth World Championships). Each IFSC event will use only authorised IFSC Official Sport Equipment within the Field of Play to ensure that all stakeholders share the same experience, from Athletes and National Federations to Routesetters and Event Organisers.

Furthermore, in compliance with the Olympic Charter Rule 50, the IFSC Official Sport Equipment aims to set out a high standard of quality and clean venue as an Olympic Sport.

The highest priority has been placed on the Holds, Macros, and Volumes category of the Official Sport Equipment due to their importance on Sport Climbing's fairness and quality. A wide range of Holds, Macros, and Volumes is necessary for fair and versatile Routesettings in the Field of Play, with a minimum of four (4) providers featuring in each IFSC event.

Catalogue 2023

The “**IFSC Official Sport Equipment Catalogue – Category: Holds, Macros, and Volumes**” presents a list of IFSC authorised Holds, Macros, and Volumes producers in 2023 (in alphabetical order).

List of companies and brands

1. Authorised Holds producers

Each category is defined by the material and/or manufacturing process, and not by its size.

Holds: Climbing holds made of polyester, polyurethane resin (including screw-ons)

Event Organisers Guidelines

Please refer to the IFSC Event Organiser Handbook for complete regulation concerning Holds, Macros and Volumes. However, a minimum number of 3-4 brands shall be guaranteed for each IFSC event, to ensure fairness and versatile routesetting.

Safety

All products and equipment shall be manufactured in strict accordance with current safety standards as follows:

Equipment	European Standard
Holds	EN 12572-3
Macros and Volumes	EN 12572-1, EN 12572-2

Logo requirements

In compliance of the Olympic Charter Rule 50, the producer's identification mark/logo is determined by the size of the product, not by category. Please note that the product itself cannot be designed to remind in any way the producer's logo.

Manufacturer's identification mark/logo maximum allowed sizes in cm

Size of ANY item	Maximum logo size
Max length less than 30 cm	2 x 2 cm or 1 x 4 cm
Max length between 30 cm and 50 cm	3 x 3 cm or 2 x 5 cm
Max length greater than 50 cm	7x7 cm or 5 x 10 cm

Note: If the logo size exceeds these dimensions, the logo will be sprayed or covered.

Max length less than 30 cm

Max length between 30 cm and 50 cm

Max length greater than 50 cm
